HIGHLIGHTS

Prevent over-drying and protect your clothing thanks to innovative dual thermistor technology, that continually monitors temperature and moisture.

Signals when delicate clothes reach the ideal dampness level for ironing or final air drying.

Provides alerts when a restriction is detected in your dryer vent.

Easily reverse your washer and dryer door for superior installation flexibility

Start, stop and monitor your laundry from anywhere while receiving real-time notifications and updates.

Quickly dries items and small loads for families on the go.

Sterilize clothing with elevated temperatures designed to kill common household bacteria.

Prevents wrinkles by extending the tumble without heat.
