HIGHLIGHTS

The first and only UltraFresh Vent System with OdorBlock™ eliminates excess moisture to help prevent odors ensuring your washer stays fresh and clean.

Built into components including the gasket, dispenser and draining system delivering protection that lives on load after load.

Start, stop and monitor your laundry from anywhere while receiving real-time notifications and updates.

Remove 99% of bacteria with a dedicated cycle that uses an Oxi additive to boost your detergent's cleaning power, while keeping fabrics looking and feeling their best.

Our patented, time saving technology senses and rebalances uneven loads during the spin cycle, providing a quiet wash.

Easily reverse your washer and dryer door for superior installation flexibility.

Fits into more homes, with no additional installation space required.
